Freemasons' Hall
Halifax, Nova Scotia

Dear Mr. Harris:

Thank you for your letter of August 17, 1966. Regarding the possibilities of a second edition of your book, I would be most happy to cooperate with you.

This fellow Furneaux in England is not only interested in writing a book but is also interested in getting two days permission to do work on the Island and resolve the problem completely. It seems rather ludicrous to me that anyone can solve the Oak Island problems in two days. Of course everyone has their own theories.

At this point, I am not too certain that I will return to Oak Island. Everything hinges on purchasing the Island and there is a good possibility of higher bids.

Again, thank you for your interest and I would hope to be seeing you soon.

Respectfully yours,

Bob
