

Who's
MacMulllan?

MGI Vol. 382

1666

101 North Lane,
Conshohocken Pa.
March 15th 1945.

Mr Gilbert D Heddon
Oak Island,
Nova Scotia,

Dear sir:

My last letter several years ago was returned account of no forwarding address, and I have received no reply to correspondence addressed to Mr Blair.

With the war in the European theatre in its final stages and the possibility of work starting on the island, I thought you might be interested to know that in theory I have proved all the measurements- 18W and x 7 east on Rock, 30 SW-14 North-Tree and the 7 x 8 x 4.

The sketch showing these measurements check as exact as a small map can make them in comparison with the plot of ground involved.

Yours truly,

E G Macmulllan

CC Mr Frederick Blair.

In case the original of this letter does not reach Mr Heddon and you are able to contact him.
