MARITIME BLOCK.

AMHERST, NOVA SCOTIA

August 24, 1935.

Mr. Reginald V. Harris,  
Halifax, Nova Scotia.

Dear Mr. Harris:

Was surprised to learn that Mr. Hedden had been in Halifax so recently. Received a letter from Mr. Grimm yesterday in which he said that he supposed I had heard from Hedden by that time, but I had no idea he was so handy.

Am curious to know how he feels over the purchase of the property. Did he express himself at all on the subject? I have not received a scratch from him since the deal went through.

wrote him a short time ago that had a man endeavoring to casually ascertain from Dauphinee, what he might consider selling his property for. Have since been advised that \$2500., was suggested.

Shall write him direct and get an option if possible. This may take a week or two, as they are not very prompt in writing, but I shall hurry it up as much as possible.

I presume the survey you mention, means one of the whole property purchased.

While writing this I received a call from Chester from a New York engineer who asked that I meet him in Halifax to discuss Oak Island. Told him there was no object in it at present, particularly as he did not offer to pay my expenses.

Will write you soon as I have anything.

Sincerely yours,

*F. L. Blair*
